VICTORIAN FLORENTINE

The Victorian Florentine Range evokes the ambience of 18-19th century classical Florence. The backgrounds are adorned with the symmetrical ornaments in the prevailing black-and-white design. Featuring a kaleidoscope of mixed forms, it is chosen for the widely appreciated patchwork layouts, and for the beautiful tapestry arrangements trimmed by the corner (esquina), or edge (Cenefa) pieces.

NORLAND

The NORLAND collection responds to a Nordic style with an industrial twist and nuances. Presenting a new vision of cement in neutral tones, inspired by northern European countries.

The industrial style evolves and adapts to new trends. Norland recreates floor and wall tiles with cement effects. Worn-out surfaces and irregular edges that fill spaces with character and authenticity.

VERSAILLES HERMITAGE

The VERSAILLES · HERMITAGE collection recreates the marble of centre and Eastern European palaces of the 18th century, where marble acquires all the architectural prominence. A material associated with luxury and sophistication but with a different touch.

Elegant, luxurious and provocative, but above all timeless. Marble is a material that resists all trends, without ever losing its majesty.

MINIWORKS

New range of Geometric shaped tiles that come in a variety of surface textures with a muted monochrome colour scheme are the premise of the collection. The complementary elements work together to create a stylish and impactful effect. The tiles come in choice of matt or gloss finishes, with two surface textures, 'Metro' which is smooth or 'Bumpy' which as the name suggests is raised. Miniworx is a clever tile collection that brings together basic shapes and colours, which can be combined in many ways to create an impactful and stylish tiled space.

CONCRETE EFFECT

ICE & SMOKE

Taking its name from the muted tones of ice and smoke, the Ice & Smoke range is a colourbody porcelain tile series with a modernist industrial look.

Ice mimics the opaque richness of solid ice, Smoke, the rich haze of cloud of smoke.

Available in a range of modular sizes, this series gives way to a multitude of options for creating the perfect Wall & Floor finish in both commercial and residential properties.

Décor tile also available.

WOOD EFFECT

Monteverde is a 20mm thick wood effect porcelain tile, ideal for any type of outdoor flooring.

Hardwearing, anti-slip, weather resistant and capable of withstanding heavy loads.

Monteverde is part of Delconca's due2 range.

due2 tiles are created for quick and easy dry installation on grass, sand and gravel. They can also be used for raised flooring installations that are perfectly level, like terraces and rooftops, allowing rainwater to flow below the floor where it is collected on a waterproof membrane. This installation creates an accessible cavity for utilities and could also improve the thermal insulation of the building.

Monteverde can also be installed with adhesive for a floor that is extremely resistant to heavy loads.
